Firepower produces the kinetic energy effect that destroys, neutralizes, or suppresses an objective. The Nivelle offensive had failed miserably to break the defensive stalemate on the Western. For examples on reviews of the Anglo-American press, see e.

You can really gain a lot of attention by becoming one of those overnight strategists. The shortages were apparently acute. Some were never executed, as realities on the ground made their implementation impossible.

Here reacted to Allied moves with flexibility and imagination. From early Rommel argued that the Germans must defend against the coming invasion on the beaches. The year had gone badly for the Allies.
