The return of skilful diplomacy and statesmanship may shine a few glimmers of hope onto the panorama. Many of the challenges facing intelligence appear to be both new and deeply worrying. Strategic Vulnerabilities: Time for a New Approach? We will demonstrate how to compose and analyze available data from different data sources and put information into context. Sameer Padhye. The system makes use of robotic process automation, pattern recognition, and deep learning to allow analysts to derive actionable intelligence effectively and efficiently. Arms transfers to parties to brutal armed conflicts continue unabated and without regard to whether these parties comply with IHL.
