See all. *Disaster on the Horizon*. It builds on the original theoretical framework and chronological approach, but improves on the first edition by adding fresh information on older events such as Hurricane Katrina as well as a new chapter covering the BP oil spill in and the unprecedented characteristics of the disaster response to it.

Special financing available. Like New: A book that looks new but has been read.

If you are looking for a conference speaker or guest lecturer, contact. Some praise for the new edition of this award-winning book: The first edition of this book filled a serious gap in the literature by providing historical context for present-day emergency management. Coppola Erin K. To verify textbook information, view the course syllabus or contact Student Services at [students.waldorf.edu](#).
