Once the government has considered the responses to this consultation, it will publish a summary of the responses received alongside laying a draft statutory instrument in Parliament. This is consistent with the EU regulatory

framework, in which only deposit-takers are "credit institutions" under EU law, although CRD IV also applies to investment banks and some asset managers.

A brief description of the relevant bank regulatory agencies follows: . The light of these developments, the Chancellor judged that it was an appropriate time for the FPC to consider all outstanding issues relating to the leverage ratio, including whether and when the FPC needed any additional powers of direction over the leverage ratio, and whether and how leverage requirements should be scaled up for ring-fenced banks and in other circumstances where risk-based capital ratios are raised. We recognize the significant potential of regional economic integration and interconnectivity to promote inclusive growth and sustainable development, and commit to strengthening regional cooperation and regional trade agreements.
