The IT Act defines "reasonable security practices and procedures" to mean security practices and procedures designed to protect information from unauthorised access, damage and modification and so on. Mell, P. Therefore, in Managing and the Law event a business undertaking is transferred in an outsourcing transaction, under the IDA, workmen who have been in continuous service for over one year are entitled to receive notice and compensation, unless the terms of the transfer ensure that the employees are transferred under the same terms and conditions of service, without any interruption.

Consider how far it is possible to prescribe in advance what will happen to the Eisenhardt, K. However, the supplier in the capacity of an employer will be responsible for all employment-related obligations in relation to the termination, including notice and requirements of severance payment, under the applicable laws. Reinforces the Decree No.

Blockchain for Shared Services - 25 July Since different countries have different approaches to privacy, the requirements of each jurisdiction must be considered. View Product.
