This monograph examines one important intergovernmental organisation, the include policy choices associated with meeting security imperatives; the tensions between the criminal justice, or preventive, approach to counter-terrorism and the military approach; the identification of lacunae within existing legal frameworks; and tensions between executive, judicial, and legislative responses. Drawing together an impressive spectrum of legal and non-legal, national and institutional, practitioner, policy, and academic expertise, this book is an essential and comprehensive reference work on counter-terrorism policy, practice, and law-making.
