Nuts and Bolts for the Social Sciences - Jon Elster - Google ?????

The first book I read by Jon Elster was Making Sense of Marx (). It was a refreshing attempt to get some clarity on Marx's social science.

Amustread Note that social mechanisms are, in a way, making operative the principles of methodological individualism: simply enumerating individual properties will not be enough to generate a sound social explanation. I found the philosophy of social science implausible and not well defended, but the book was full of material new to me and admirable in trying to put greater content in some vague ideas in Marx. Dimensions of Philosophy Series.
