Policies and Programs There have been a myriad of strategies used to address the rise and increasing diversity in homelessness in industrialized countries. Transcontinental Railroad Before the Civil War rail travel was dangerous and difficult—but after the war, George Westinghouse invented the air brake, which made braking systems more dependable and safe. Not only can it be done, it is being done—very profitably. These men used union busting, fraud, intimidation, violence and their extensive political connections to gain an advantage over any competitors. Reformers across the political spectrum advocate moving these women off the welfare rolls and into the labor force as the solution to their problems. An ice age is a period of cold global temperatures and recurring glacial expansion. The device was shut off when reporters made a follow up visit.
